Chamber Forms Off-Street Parking Group

Albany Chamber of Commerce Tuesday morning formed an Off-Street Parking committee to attempt to alleviate hardship to local business because of lack of adequate parking.

Harold Peterson of the Lucky 13, whose Hof-Brau is closing because potential patrons have no place to park, was named chairman of the committee, which also includes Al Martinez and Fred Skinner.

Peterson was named to fill the unexpired term of Director Del Wisenor, who resigned. The term expires in 1969. Directors discussed the possibility of appointing a member of the community as director-at-large. They are looking for recommendations from residents.

Chairman Bill Rothchild announced that more than 100 reservations have been made for the annual dinner Friday night.

William Garren reported on Solano Avenue Beautification committee activities. Two firms expect to complete estimates for the cost of undergrounding utilities by May 17, following which the information will be sent to property owners with petitions to form a lighting district. The Architect Selection committee has boiled the field to three candidates and will meet at 7:30 a.m. May 15 at Council chambers to select the architect.

Manager Neal Clarity was directed to accompany Mayor Richard Clark to the Highway Advisory commission meeting in Sacramento, where plans will be discussed for Bayshore Freeway and the proposed Hoffman Blvd. freeway, both of which affect Albany.

Outgoing President Joe Dagna turned the gavel over to President William A. Johnson, who conducted the meeting. Another large crowd, with only four directors absent, attended.

COUNCIL MAKES THREE REQUESTS OF BARTD

After discussion Monday night, Albany City Council directed City Attorney Larry Saler to draft a resolution requesting Bay Area Rapid Transit District for extension of the linear park all the way through Albany, generally widening Masonic south of Solano and undergrounding utilities.

Administrative Officer James B. Turner said BARTD now has under consideration Albany's request to widen Masonic south of Solano from the present 30 feet to 56 feet between curbs and to 40 feet north of Solano.

He indicated it would create

problems for BARTD to widen the street to 56 feet and that they may be more amenable to 48 feet, which also would leave more room for the linear park.

Councilmen H. F. Call and Joe Carlevaro objected to the possibility of cutting through Masonic, joining it to Key Route Blvd., and "making a speedway between BARTD stations."

Councilman Lewis Howell said, "Whether we like it or not, people will use Santa Fe and other streets to get to the stations, where they will leave their cars and take Rapid Transit."

Mayor Richard Clark added that the Master Plan covers the cross town aspect of traffic flow, describing Key Route Blvd. as the best crosstown arterial. He said it is being used in that manner today, even without Rapid Transit.

Clark reported that BARTD representatives had promised to look into the possibility of Albany having a linear park along the entire length of the system at a work session prior to Council meeting. He also reported on a discussion of various types of trees available for planting along Albany streets.

H. F. Call announced that he has appointed Burton W. Lewis of 839 Washington to the Civil Service Board. Lewis' resignation from Traffic and Safety commission was accepted with regret.

A work session will be held to discuss use of a check for \$18,609.81 from the County Board of Supervisors for Buchanan extension.

Mayor Clark was directed to attend a meeting of the California Highway commission May 17. A letter informing Council of a conference on Juvenile Crime and Narcotics May 12 was referred to Police Chief Ralph Jensen.

Clark was authorized to proclaim May 26 and 27 as Poppy Days and to include the governor's anti-litter "Beauty and Cleanup" request for May to Albany's Cleanup Week June 5-12.

A communication dealing with procedures in securing monies under the Aid-to-Cities program was referred to Turner. A letter concerning appointment of city treasurers was filed as not applying to Albany.

Howard Pick of 617 Adams complained about littering created by throwaway shoppers. Turner was asked to investigate rules which might be enforced to stop people from tossing papers haphazardly from trucks.

Robert Johnson of El Cerrito was told that steps are under way to eliminate the debris about which he complained on Francis Street.

Council Reminds Taxpayers Of Its Promise

City Councilmen Monday night again announced their intention of lowering the city tax rate to fit the new assessed valuation of local property.

Property owners last week received announcements of the new assessed valuation from the County Assessor. Instead of appraisal at 21.6 per cent of market value, residential property is now assessed at a rate of 25 per cent. In most cases, the news came as a shock even though the assessed valuation is much lower than the property would sell for.

It was also mentioned that the County Board of Supervisors has publicly announced it will lower the tax rate instead of accepting the increase as a windfall. It has urged other jurisdictions to do the same.

Agendas for Work Sessions Posted

Agendas for scheduled work sessions of Albany City Council are posted together with the agenda for the regular meeting on the back door of City Hall.

All work sessions are open to the public.

Discussed at the meeting at 6:30 p.m. May 8 were landscaping for Albany's entire route of Rapid Transit with BART representatives; street tree plans with members of the Park and Recreation commission and other items referred to work session discussion.

My Word ...

(Continued from Page 1)
three-way city jumpoff among frogs "managed" by El Cerrito Mayor Roy Mespelt, Berkeley Mayor Wally Johnson and Albany Mayor Dick Clark.

IN LAST WEEK'S Times, Jo Ellen Arnold of 1058 Pomona advertised for the return of her pet white and brown rabbit, which disappeared the previous Sunday. On May 5, there appeared an item in the police bulletin about a white and tan rabbit found in the 1000 block of Key Route Blvd., which had been turned over to Berkeley Humane. Policewoman Gayle Nelson called Jo Ellen to tell her where her rabbit was. Turns out that her mother works at Berkeley Humane. We trust everyone is reunited by now.

High and one of the active young men about town, has asked for a leave of absence for next school year to serve as graphic arts instructor at Fresno State college. Don't know what the Jaycees will do without him.

A WOMAN ASKED us the other day why something isn't being done about lighting on Solano Avenue. Patience. Lighting the two streets has been discussed simultaneously from the beginning, but Solano will take longer because utilities have to be underground. As a matter of fact, bright, modern street lighting throughout the city is not beyond the realm of possibility.

Lions Club Planning Roundup Breakfast May 21

Members of Albany Lions are polishing pots and griddles this week as preparations go forward for the club's annual "Roundup Breakfast" Sunday, May 21, at the Veterans Memorial Building, Portland and Ramona Avenues.

Added to the project's attractiveness this year will be door prizes, drawn each hour. Attendance is not required. Prizes are classified, men, ladies and children.

Lion President Alvin Drozda reports the innovation of prizes is a result of a desire by the Lion membership to demonstrate in a small way their appreciation to the community for the wonderful support accorded every Lion project.

Lions James Rodwell and Jim Payne are co-chairmen for the event and state tickets are on sale by all Lions or may be purchased at the door.

SYLVIA GREER OF ECHS HONORED BY TEACHERS

Albany High school's attractive new little theater wing was the setting for the Delta Kappa Gamma society's Epsilon Theta chapter recent annual recruitment program and tea. Mrs. Beth Heckman, kindergarten teacher at Marin school, was chairman for the event honoring senior girls from El Cerrito and Albany High schools planning careers in teaching.

Miss Margaret Gilchrist, Spanish teacher at Albany high and chapter president, welcomed students and briefly spoke about the International Honor society's activities on behalf of women in education at both the national and local levels. Of specific interest to the group of high school seniors was the annual award, a \$100 grant-in-aid, to be presented one of the girls for outstanding achievement in areas relating to her chosen profession. The award is presented to a senior girl from one or the other of these two high schools on alternate years.

Kenneth Forry, superintendent of Albany schools, spoke to the group about the personal satisfaction accruing to a job concerned with young people and their growth. He was followed by Harry Price, Albany High School principal, who welcomed members of the society and their guests to the new theater and classroom building.

Miss Priscilla Soos, student teacher assigned to the seventh grade class at Marin school, spoke animatedly about her experiences as a student teacher, with emphasis upon the contrast between theoretical aspects of teacher training and the actual classroom experience working with young people. Further insights to the experiences of the new teacher were eloquently described by Mrs. Joy Danzig, first year English teacher at El Cerrito high. She emphasized the significance of the cumulative element of self-discovery and personal growth as the basic contributions to good teaching.

The climax of the program was the presentation by Miss Mary Jane Sheeran, retiring Dean of Girls at El Cerrito High, of this year's award to Miss Sylvia Greer, an outstanding El Cerrito high senior. Miss Greer plans a career in elementary education, specializing in art.

Mrs. Ida Cherry of Albany high's homemaking department, assisted by some of her students, was hostess at the tea following the program. The gourmet fare served in the attractive, ultra-modern facility was a delightful conclusion to a stimulating afternoon, offering an opportunity for the prospective educators to chat with outstanding local members of the teaching profession about questions of their common concern.

The Jumping Frog Jubilee of 1865

Made Famous by Mark Twain

It was in the summer of 1865 that the first Jumping Frog Jubilee was held in Angels Camp, or the entire world. Angels Camp, the metropolis of Calaveras County, California, was in that year a booming, roaring mining and frontier camp. There were hundreds of grizzly miners, who besides looking for the elusive yellow metal, also sought any and every kind of amusement. They were a sporty lot and would make a wager on anything, anytime, or anyway. There were numerous saloons, dance halls and gambling dens in the town.

At this time the roads were bad, travel was slow, in order to make a trip of a dozen miles, it required much preparation and time, and consequently the miners did not often leave town to seek amusement.

It was at this time that the miners followed the most unique sport of frog jumping or frog racing. Several of the miners had their own frog ponds or stables where they spent many long days training their jumpers. At regular intervals, a frog jumping or frog racing event was held, in which large sums of money was staked. Small fortunes were won and lost by the hop of a frog.

Jim Smiley, a local gambler, whom Mark Twain made famous, was the owner of the best jumper in Calaveras County. Jim used to parade around the streets with his frog in a basket under his arm, boasting of the ability of his particular frog.

About this time two slickers from the Bowery of New York arrived in town presumably a few days ahead of the sheriff of a neighboring county. These two boys were all that their make-up implied. They, in the course of their rounds of the gambling halls, ran into Jim Smiley, who was proudly exhibiting his jumping frog. After listening for some time to the boastful Smiley concerning the feats of his frog, Pete

Stag and Jimmy Ludrem, who were the boys from New York, began to make light of the Smiley frog. After some argument Stag or Ludrem remarked that he didn't see anything about that frog that was any better than any ordinary frog. In fact, according to the New Yorkers they could catch any of frog from the town cistern that would beat Smiley's frog. That was too much for Smiley, the bet was on and a frog jumping contest was to take place at once.

It was agreed that Smiley was to go down to the cistern and bring back "most any ol' frog" that he could catch and that the Bowery boys would enter it in the race. The news of the contest spread. Several thousand dollars were staked by the two slickers. The town populace, knowing the jumping ability of Smiley's frog were easy marks for the two boys. Smiley left his frog in the care of the strangers while he was off to catch the "ordinary frog" that the boys had staked their money on.

While he was gone for the frog, Ludrem or Stag went across the street to the old Scribner store and purchased some buck shot and proceeded to fill the famous jumper full. When Smiley returned and the race was on, poor Daniel, as Smiley's frog was called, being loaded with shot could not budge. The Bowery boys collected their money and headed for parts unknown before it became known that poor Daniel was more than half shot.

Mark Twain, the famous American humorist who lived at the Mark Twain cabin on Jackass Hill, made regular trips to Angels and Calaveras County. He stopped at the Angels hotel, where Ross Coon, the proprietor related to him the story of the framed jumping frog contest. Twain, sensing the humor of the story, immediately wrote his famous story, "THE JUMPING FROG OF CALAVERAS."

Just Follow These Simple Rules

1. Each frog in qualifying will be allowed 15 seconds on each jump. If the frog does not jump in that allotted time, he is disqualified.
2. After a frog is placed in the starting circle no one may touch it after the first jump, unless the frog is disqualified under Rule 1.
3. In all jumps, length of jump will be measured in a straight line from the starting point to the point of landing on the third jump. Decision of the judges will be final.
4. Evidence of drugging or doping will result in disqualification and forfeiture of prizes.
5. All frogs must be at least 4 inches in length from nose to tail.

PROGRAM FOR THE DAY

On May 13, 1967, members of the Calaveras County Fair promotional group will be assisting the Thousand Oaks Merchants Association in Berkeley to stage our 2nd Jumping Frog Contest. This will be a preliminary contest for the annual Calaveras County Fair and Jumping Frog Contest, May 18-21.

Our contest will be open to people of all ages, divided into a Junior division, ages up to 14 years, and a Senior division of those over 14 years. This is not to exclude adults or any businesses who are interested in competing. The contest will be held at the 1000 Oaks Grade School (Colusa and Solano Ave.) starting at 12:30 p.m. until about 5:00 p.m. In addition to the Jumping Frog Contest, we will have a band concert (Berkeley High School) and a display of several Horseless Carriages. Of course, the Calaveras group and the Horseless Carriage group will be in full attire to dress up the show.

Registration for the Frog Jump will take place at the school grounds, so be sure to be there on time. Entry fees for the Junior division will be 50 cents per frog. Senior division entry fee will be \$1 per frog by an individual, and \$2 per frog if it is sponsored by a business. All names of entrants will be announced by the Master of Ceremonies along with the name of your frog. Prizes will be given in several categories, with the frog setting the greatest distance of the day and its sponsor being sent to Angels Camp for the World Famous International Frog Jump. For our local contest, the minimum length of the frog must be 4 inches from nose to tail. For further information call Mark Webb, 527-2141.

Support Our Fighting Men In Vietnam

A Petition To

THE CONGRESS OF THE UNITED STATES

We respectfully urge every Senator, every member of the House of Representatives, and both the Senate and the House as a whole, to exert their authority and use their influence in all honorable ways for the following purpose:

To have this Administration stop, promptly and completely, giving aid in any form, directly or indirectly, to our Communist enemies.

In support of this petition we submit the considerations listed below. The examples and the documentation given to substantiate these statements are only tiny fragments, by way of illustration, of those that are available.

- 1. We are at war.**
Our President himself has said "this is war." In actual fact, when measured as to costs, as to the number of our men engaged in the combat area, and as to the current rate of casualties, it is already the third largest war in American history—and is steadily getting larger. (See article by Clayton Fritchey, Boston Globe, October 12, 1966.)
- 2. Our enemy is the total Communist bloc of nations.**
Our Congress has not declared war against any nation. No nation has declared war on us. But the fighting is taking place between North Vietnam and the United States. The officials of Soviet Russia and of one Communist regime after another have repeatedly declared their complete solidarity with North Vietnam. So that, for all practical purposes, we are at war in Southeast Asia with Soviet Russia and its satellites all over the world. (See World Marxist Review, November, 1965; U.S. News and World Report, January 30, 1967; Congressional Record—House, October 17, 1966, Pages 26087-26091.)
- 3. At least eighty percent of the sinews of war are being provided North Vietnam by Soviet Russia and its European satellites.**
On May 24, 1965, Premier Pham Van Dong of North Vietnam said: "We shall defeat the Americans with Soviet weapons." (See, National Guardian, January 28, 1967.) It was not an idle boast. Our Air Force Chief of Staff has called the Communist defenses in North Vietnam "the greatest concentration of anti-aircraft weapons that has ever been known in the history of defense of any town or any area in the world." These installations, and the training and supervision to make them effective, have been provided by Soviet Russia. (See New York Times Magazine, October 16, 1966.)
"The North Vietnamese war machine runs almost entirely on Russian oil. In the past eighteen months the Russians shipped in 300,000 tons. The Chinese provided almost none. Last month alone, the Soviets shipped nearly 25,000 metric tons of gasoline and oil into Haiphong." (See U.S. News and World Report, January 30, 1967, Page 28.) During the last months of 1966 the Soviet Union shipped one hundred new MIG jet fighters to Hanoi, thus doubling the size of North Vietnam's airforce. (See New York Times, December 13, 1966.) A full list of similar items would be almost endless.
- 4. This help to North Vietnam has been made possible almost entirely by our help to the Soviet Union and its satellites.**
On October 7, 1966, a speech by the President to the National Conference of Editorial Writers included the following statements:
"We intend to press for legislative authority to negotiate trade agreements which could extend most-favored-nation tariff treatment to European Communist states. (The emphasis is ours.) And today I am announcing the following steps:
"We will reduce export controls on East-West trade with respect to hundreds of non-strategic items.
"I have just today signed a determination that will allow the Export-Import Bank to guarantee commercial credits to four additional
- 5. And "none dare call it treason."**
At least, we do not, because we are in no position to identify the traitors. But the Constitution of the United States clearly does. (Article III, Section 3.) And regardless of the wide variety of specious excuses and deceptive doubletalk which are advanced to justify such criminal folly (or worse), we urge that this constant flow of "aid and comfort" to our mortal enemies be cut off completely, and at once.

Respectfully but emphatically,

Do not sign this petition for anybody if you have already signed one for somebody else. We want at least a million separate, unduplicated, unquestionable signatures.

Additional copies of this petition may be obtained in any quantity, from any American Opinion bookstore, or postpaid from *The Review Of The News*, Belmont, Massachusetts 02178, at 50 copies for \$4.00.

When each petition is full of signatures, mail it at once to *The Review Of The News* at the above address. The arriving, signed petitions will be sorted, combined for greatest effectiveness, and then delivered—promptly, personally, and politely—to those offices of Senate and House members where we believe they will do the most good.

As you finish getting enough signatures for each petition, start a new one immediately. A sufficiently strong flood of such signed petitions during the next three months could bring about a complete reversal, and would certainly bring about a drastic modification, of the dangerous policy at which it is directed.

Volunteers Sought By Berkeley Bureau

Can you read aloud, make small talk, type, drive a car? If the answer is yes to any of these questions, you are wanted by a new triple action community agency, the Berkeley branch of the Volunteer Bureau of Alameda County, at 1849 University Avenue, Berkeley.

This new office is canvassing the Berkeley-Kensington-Albany area for men and women willing to share their leisure time, energies and talents in assisting non-profit agencies in a wide field of community service ranging from health and welfare projects to tutoring, recreational and cultural activities.

Mrs. Arnold Cohn, chairman of the Berkeley Volunteer Bureau Advisory Committee, emphasizes that the need for volunteers is so wide spread that any man or woman with a desire to help his fellow man or to improve the conditions in his community can successfully fill one or several necessary jobs.

Unpaid staff aides have been trained to match the volunteer to the right job. These aides are on duty at the Volunteer Bureau weekdays from 10 a.m. to 3 p.m., to interview and give information to prospective volunteers. Interested persons may contact the Volunteer Bureau by calling 848-0345 or 893-6239.
